

Always on your side

Since 1889, GMB has been protecting people at work and we now have over 640,000 members across the UK. We have thousands of trained and highly experienced Reps and staff who can support you - or you can even train for free to become a GMB Rep yourself.

We are not a business and we are not run for profit. There are no shareholders or rich directors. We are run by our members, for our members and at the lowest cost possible.

Whether you work in a school, a factory, a warehouse, a shop, an office, a hospital or anywhere else you can think of, GMB can help you if you have any issues.

GMB negotiates nationally for workers across the public sector and within many private businesses too. We also have local negotiations within thousands of smaller companies and we work to improve the pay, terms and conditions of members collectively.

GMB supports all individual members with advice and support in disciplinarys, grievances, sickness absence meetings, capability meetings or any other formal meeting.

Unionline is the GMB's own law firm. As a member, you have direct, free phone access to your own lawyers, who can help you with any legal problems at work, personal injury claims and many other legal issues.

Your GMB membership means you always have someone on your side in the workplace, but there are lots more benefits too!
